

SHERMAN DIES
AT UTICA, N. Y.Vice President Dies
of Uremic Poison.

FAMILY PRESENT AT END

Sufferer Lies in an Unconscious
Condition for Many Hours
Before Death.

Utica, N. Y., Oct. 31.—After a long illness Vice President James Schoolcraft Sherman died at his home in this city of uremic poison caused by Bright's disease.

Mr. Sherman was unconscious when the end came and had been in that condition for hours.

All the members of the immediate family were witnesses to the final scene. In addition to Mrs. Sherman there were in the death chamber their three sons, Sherrill, Richard U., and Thomas N. Sherman, and their respective wives; R. M. and Sanford Sherman, brothers of Mr. Sherman, and Mrs. L. B. Moore and Mrs. H. J. Cookinham, sisters of Mr. Sherman.

Soon after Mr. Sherman's death Dr. Fayette H. Peck, the attending physician, issued the following statement:

"The vice president died without regaining consciousness for a moment. He was perfectly quiet. He died in a uremic coma as a result of Bright's disease, heart disease and arteriosclerosis."

Widow Bears Up Bravely.

Mrs. Sherman bore up bravely under the shock of her husband's death, as also did the other members of the family. Although it was said at the house that the hopelessness of Mr. Sherman's fight against death had been realized since Friday the blow nevertheless was a crushing one.

A few of the intimate friends of the family called to express their sympathy, among them Dr. A. H. Holden, pastor of Christ Reform church, where the Shermans worship.

Soon after the vice president's death it was announced that the members of the family wished to be left undisturbed and that no arrangements for the funeral would be made until later.

Dr. Peck remained at the Sherman home for a time and notified several of Mr. Sherman's friends by telephone that the end had come.

The announcement of the vice president's death spread quickly through the city. Universal sorrow was expressed and immediate steps were taken for the proper recognition of the sorrowful event. Mr. Sherman was regarded as the first citizen of the city and all differences growing out of politics died with him.

Bells Toll Doleful News.

The mayor gave out a statement voicing the general grief and the big bell at the city hall, as well as many church bells, tolled out the doleful news to the public.

Not only did the Republican organization take proper recognition of the event, but the Progressives announced their intention of canceling all meetings until after the vice president's funeral.

The Democrats also signified their intention of removing a Wilson and Marshall banner which had been flung across one of the city streets and of suspending all political activity until after the funeral.

Mr. Sherman's rapid decline in health dates from Aug. 21, when he was formally notified of his nomination as vice president, according to Dr. Peck. He was warned that the exertion incident to the ceremonies might have an ill effect, but insisted that the program as arranged be carried out.

"You may know all about medicine," Mr. Sherman told his physician when he urged him to arrange for a brief and formal notification, "but you don't know about politics."

TAKES A LONG LOOK AHEAD

Wilson Pleads for Democratic Legislation in New Jersey.

Burlington, N. J., Oct. 31.—Governor Woodrow Wilson admitted took a long look ahead and made a vigorous appeal in two counties hitherto Republican to send Democrats to the New Jersey legislature which convenes Jan. 1 next.

While the presidential nominee touched often on national issues he chiefly directed his energy in three speeches toward overcoming the present Republican majority in the state legislature to insure the choice of a Democratic governor. He succeeded himself in the event of a re-election to the presidency, and to elect a Democratic legislature of a ballot to send William Hughes to the United States senate. The governor was enthusiastically received at Cape May Courthouse, Wildwood and Burlington, where he spoke.

BRIEF SKETCH OF CAREER

Vice President Sherman Lived in Utica All His Life.

Utica, N. Y., Oct. 31.—In this country it is rather unusual for a man of national prominence, professional, business and political life, to have lived his entire life and to have created his entire career in the town where he was born. That was the experience of James Schoolcraft Sherman, vice president of the United States, who has just passed away.

Mr. Sherman was born in Utica, Oct. 24, 1855, the son of General Richard U. Sherman, and with the exception of short periods when he was away at college he had lived there continuously.

Mr. Sherman's political career began in 1884, when he was elected mayor of Utica. For two years he served as chief magistrate of his native town and then retired from politics until 1887, when he was elected to congress from the Twenty-third district, of which Utica is the principal city. He served until the end of 1891 and then retired for two years, when he was again returned and served until 1909.

In 1908 Mr. Sherman was nominated for vice president on the ticket with President Taft and was elected.

ENTIRE SENATE MAY
ATTEND FUNERALNews of Sherman's Death
Shocks Washington.

Washington, Oct. 31.—News of Vice President Sherman's death, though it had been expected hourly, was received with profound sorrow in official Washington. At the Capitol, where every attaché considered him a friend, in the government departments where he was a frequent visitor, among the cabinet officers and in the diplomatic corps, where he had many close friends, the announcement caused genuine regret.

Immediately on receipt of the news Colonel Daniel N. Ransdell, sergeant-at-arms of the senate, dispatched formal notification to Senator Bacon, temporary presiding officer of the senate, now in New York on his way back to Georgia after a campaign tour, and asked for instructions.

Mr. Bacon will appoint a committee of the senate to attend the funeral. There is a strong probability that the entire senate will attend. President Taft and the cabinet are expected to attend, though plans have not been completed.

Chief Justice White of the supreme court is expected to assign two associate justices to represent the court at the funeral.

Fifth to Die in Office.

Washington, Oct. 31.—Mr. Sherman was the fifth vice president whose death in office shocked the nation. Vice President King died during Pierce's administration; Vice President Wilson during that of Grant; Vice President Hendricks during that of Cleveland and Vice President Hobart during McKinley's first term.

ADRIANOPLE IS SURROUNDED

Semi-Official Sofia Paper Says Turk Position Is Critical.

Sofia, Oct. 31.—Adrianople now is completely surrounded by the Bulgarians whose attacks are meeting with great success, according to the Mr. The position of the Turks is critical.

There are persistent rumors that the Bulgarian cavalry has reached Rodosto, where the Turks have been landing troops brought from Asia Minor.

SAVINGS BANKS PROSPERING

Reports Show Greatest Number of Depositors in History.

Washington, Oct. 31.—Reports to Comptroller of the Currency Murray on the operation of savings banks of the United States show record deposits and the greatest number of depositors in history, according to an announcement made.

On June 14, the date of the compilation, there were 1,925 savings banks, holding aggregate deposits of \$4,450,822,622 for 10,009,804 depositors, the average deposit account being \$444.64.

VOTERS' MINDS
ARE MADE UP

Last Days of Campaign Are Determining Factors.

CLAIMS OF ALL PARTIES.

Republicans and Progressives Both Assert Their Candidate Would Win if the Campaign Had Another Month to Go—Canvass Shows Big Vote For the Socialist Ticket.

By ARTHUR W. DUNN.

Washington, Oct. 31.—[Special.]—"It is during the chill October days and evenings that elections are determined," has been a favorite saying of political managers. They declare that it is not the campaign rallies or the shouting that does the business, but the calm consideration of the voter in his home and after consultation with his household which determines the great political battle of the ballots.

Well, the "chill October days" have come and the November days "are creeping on apace," so it may be taken for granted that the great American electorate has about made up its mind who it will have for president for the next four years. Meanwhile there will be more oratory, last final appeals to voters, torchlight and other parades and a great effort to get out the vote on election day.

Swing of the Pendulum.

It was Tom Carter who, as chairman of the Republican national committee in 1892, said to his close friends during the last closing doleful days that it "all depended upon the swing of the pendulum of politics."

He then explained that in 1890 there had been a tremendous landslide to the Democrats and that the pendulum had swung far out toward Democracy. It was swinging back in 1892, Carter claimed, and it was only a question whether it would swing back in time for election in November. It didn't.

"If We Had a Month More." "Time is a thief," some old wise one said a long time ago. And just now he is stealing something from at least two political parties. The Republicans assert that the drift toward Taft has set in strongly, and "if we had one more month" there would be no question about his election.

The Progressives are no less emphatic in asserting that the uprising for Roosevelt is coming in surges, and "if we had one month more" the colonel would sweep the entire country.

Votes of Protest.

Straw votes and canvassing of different big establishments show an astonishingly large vote for Debs. These are votes of protest against the politics, personality and policies of the other three candidates. I have heard many men say they were going to vote for Debs, who would vote for some one of the other candidates if any one of them united in politics, personality and policies those things which they approve.

The increased vote for the Socialist this year will be encouraging to that organization; but, according to my information, the increase will be due largely to this protesting class of men who are generally dissatisfied.

New York Governorship.

Next of interest to the presidential election is the fight for governor of New York. Sulzer is confident and so is Strauss. The canvass made by the Republican state committee has gleams of comfort for Job Hedges, but Hedges is a practical man in politics. No matter how good everything may appear he issues this cautionary mandate to his friends: "Whatever we do let's not 'con' ourselves."

Big Ollie James.

Ollie James is not only the biggest man in the house, but he will be the biggest man in the senate after March 4, consequently he must be big in his claims. "I have told the people to whom I have talked," he said, "that I was not a prophet nor given to prophecy, but that it was my opinion that Governor Wilson would carry forty of the forty-eight states. And I am willing to bet on it."

And the big Kentuckian is a sport. He does bet on the politics and politics when he sees what he considers good.

Roosevelt in Spots.

The probabilities are that the Roosevelt vote will show in spots. In some sections he will scarcely be in the running. In others he is likely to have a surprising support. About the most uncertain thing in the campaign is the support of Colonel Roosevelt. You see and hear of men who are going to vote for him that you supposed were bound to their parties with unbreakable ties. Men are going to vote for him who do not expect him to be elected. There are also men who are going to vote for him who have no doubt whatever of his success.

Confidence in Taft.

The confidence in President Taft, as I trace it by inquiry, is among business men who are looking at conditions in the country and do not believe that the people can be induced to make any change. They remember that Taft had an immense popular as well as electoral majority four years ago, and they cannot imagine that the people have changed their allegiance in that time.

Issues Sweeping Order in
Regard to Drinking Cups.

DRINKING CUP IS DOOMED

Secretary MacVeagh Bars Them From Trains and Depots.

Washington, Oct. 31.—Secretary of the Treasury MacVeagh, with one swoop, abolished the time honored public drinking cup from railroad cars, vessels and other conveyances operated in interstate traffic and from depots and waiting rooms of common carriers.

This sweeping order against "any drinking cup, glass or vessel for common use," effective immediately, is in the interest of the nation's health and was the direct result of an investigation by the United States public health service—a branch of the treasury department—which holds the drinking cup to be a menace as a carrier of disease. A drinking cup, it is said, may contain thousands of bacteria from disease infected persons.

CALLS MEETING TO
NAME SUCCESSOR

Hilles Summons National Committee for Nov. 12.

New York, Oct. 31.—Chairman Hilles of the Republican national committee announced that he had called a meeting of the national committee for Nov. 12 in Chicago to select a successor to the late James S. Sherman as the Republican candidate for vice president. Mr. Hilles made the following statement:

"The national convention, which met in Chicago in June, delegated to the national committee power to fill vacancies on the national ticket and the death of Mr. Sherman, candidate of the Republican party for vice president at the coming election, makes it incumbent upon the national committee to nominate a candidate in his place.

"The nomination, however, cannot possibly be made prior to the election next Tuesday. Such a nomination can properly be made only after due and reasonable notice to all the members of the committee. Such notice cannot be given in less than six days. It is therefore manifestly impossible to hold such a meeting prior to the election."

LARGE SUM TO DEFEAT BILL

Harvester Trust Said to Have Paid Law Firm \$8,000.

Chicago, Oct. 31.—Testimony that the International Harvester company in 1903 paid a law firm a fee of \$8,000 to defeat a bill in the Kansas legislature designed to prohibit the corporation from using an exclusive agent clause in its contracts with its commission selling representatives was given by Rodney B. Swift, former head of the law department of the McCormick Harvester company and later connected with the consolidated company, in the hearing of the government's dissolution suit.

Mr. Swift testified that he was instructed by Cyrus H. McCormick, president of the International Harvester company, and Charles Deering, chairman of the executive committee, to go to Kansas to attend the matter "and fix it up."

HEARS NEWS AT NEW YORK

President at Dinner When Told of Sherman's Death.

New York, Oct. 31.—President Taft was informed of the death of Vice President Sherman as the chief executive and his secretary of the navy were seated in the Thirtieth regiment armory, Brooklyn, as guests of honor at a dinner to them by employees of the Brooklyn navy yard in celebration of the successful launching of the battleship New York.

The president had just finished a glass of water and was speaking at the time the news of Mr. Sherman's death was broken to the president.

JOHNSON PROBE GOES OVER

Inquiry Into Pugilist's Conduct to Be Resumed Nov. 7.

Chicago, Oct. 31.—Federal grand jury investigation into the relations of the negro pugilist, Jack Johnson, with white women and members of his own race, precipitated by the recovery from association with him of Luelle Cameron, a Minneapolis girl, by her mother, was put over until Nov. 7. No work will be done by the grand jury in the interval, but agents of the department of justice, it was announced, would continue their search of evidence relating to Johnson's acts.

ROOSEVELT GIVEN
HEARTY WELCOMEBull Moose Candidate Speaks
at Madison Square Garden.

New York, Oct. 31.—Theodore Roosevelt, who two weeks ago lay in the shadow of the valley, showed himself in strength and health to his followers, or to as many thousands of them as could fight their way into Madison Square Garden or into the open streets that lead to it. It was a crowd of 10,000 and in heartiness and enthusiasm it was like the New York crowd on election night.

It was a greeting from old friends to one who had nearly escaped them. Some felt that he had not left them only because a gun metal spectacle case had interfered, others felt that in believing this Providence was being robbed of its credit and in his escape and recovery saw the sign of a divine will. So, that to a natural relief over the rescue of a brave man from the bullet of an assassin, there was added a suggestion of the supernatural, a not unpleasant belief that this must be the man of destiny.

Colonel Roosevelt spoke for one hour and twenty minutes. The vast crowd cheered him wildly for forty-two minutes before he began his speech.

Bulgarians Claim Another Victory Over Turks.

FIGHT COVERS LONG FRONT

Nazim Pasha Telegraphs Constantinople of His Success in the Visa Region—Sofia Dispatches Relate Capture of Lule Burgas—Indications Are Turkish Second Line of Defense Is Broken.

London, Oct. 31.—The silence of Sofia concerning the great battle in Thrace has at last been broken by a brief dispatch announcing a Bulgarian victory and the capture of the town of Lule Burgas.

This dispatch and equally laconic dispatches from the Turkish commander contain the only news yet available and still leave the situation rather obscure.

The message from Sofia apparently refers to early events, while the dispatch of Nazim Pasha, the Turkish minister of war, describes two battles, one a sortie from Adrianople in the direction of Medrias, the other toward Visa, from which it must be inferred that the engagements are extending over a long front.

A Sofia dispatch sent before the capture of Lule Burgas was known throws a new light on the disposition of the Turkish forces. It is evident that earlier reports of the taking of this town were premature. It appears that the Turks' first line of defense extended along the Erkin river, with a second line from Domedica to Lule Burgas.

Both sides claim victory, but there is no reason to doubt that the Turkish second line of defense has been broken.

Turkish Reports Unreliable. Up to the present the Bulgarian official dispatches have been more reliable than the Turkish.

Nazim Pasha claims victory in the Visa region. Sofia still is silent regarding this section and although the revelations concerning demoralization and disorganization of the Turkish forces would predicate further defeats considerable doubts are expressed here as to the position of the Bulgarians, whose continually extending lines of communication and the necessity of keeping a large investing force around Adrianople might prove sources of danger if Nazim Pasha is able to take a vigorous offensive action.

That the Bulgarians are bringing up all available resources is evident, according to a dispatch from the correspondent of the Vienna Reichspost, who relates that the Bulgarian reserves were arriving in the vicinity of Adrianople. They were without uniforms and were drafted into line in the national costumes, but were adequately supplied with rifles, bayonets and cartridges.

No definite news has been received from the other allied armies. The Montenegrin commander still is hammering at Tarabosch, but is observing more caution in order to avoid needless sacrifice of life.

TURK ATROCITIES REPORTED

Women and Children Are Burned to Death.

Athens, Oct. 31.—New and more terrible Turkish atrocities in twenty Christian villages in the Jannina region are officially reported. The villages were destroyed, the inhabitants massacred, women and children being burned alive.

It is also officially reported that three-fourths of the Turkish wounded at the beginning of the fighting were Christians. Now only about one-fourth of the wounded are Christians, which is taken to mean that the Christians were placed in the forefront of the battle.

Five hundred Greeks enrolled in the Turkish army, who managed to desert, have arrived here by way of Trieste.

FIND GRAFT IN THE NAVY

Investigation Discloses Commissary Frauds.

Washington, Oct. 31.—A system of graft in the commissary department of the navy, which may reach every ship in the Atlantic fleet, has been revealed by a secret investigation which Rear Admiral Osterhaus reported to the navy department and has resulted in the confession of G. T. Davis, chief commissary steward of the battleship Louisiana.

Admiral Osterhaus' report is brief and contains no details further than that Davis in his confession has implicated the stewards of other ships of the fleet—at least six—and several contractors. The investigation, which has been under way for several days before a formal court of inquiry, has been conducted with the utmost secrecy.

Two Asphyxiated in Well.

Fortunes in Faces
There's often much truth in the saying "her face is her fortune," but it's never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25c at H. P. Dunn's.—Adv.

**PENWELL IS PRESIDENT
OF PRODUCTS SHOW**
Montana Rancher Selected by Government to Head Minneapolis Exposition—Tells What It Is.

Lewis Penwell of Helena, Mont., wealthy live stock grower and ranchman, has been selected as president of the Northwestern Products Exposition, with a staff of seven governors and three business men from each of seven states, who will be responsible for having their displays placed in the exposition to be held in Minneapolis in November.

President Penwell will give up his business for a period and go to Minneapolis to help things along. Here is what he says the Northwestern Products Exposition is:

(1) An exposition of the products of the soil, forests, mines, lakes, rivers and factories of the AMERICAN Northwest.

(2) The Northwestern Products Exposition is a creation for displaying the beauties, richness and wonders of the greatest section on the map of the world. What the "world's fairs" and

LEWIS PENWELL.
President Northwestern Products Exposition.

"International expositions" have been to the American continent, the "Products Exposition" is to the AMERICAN Northwest.

(3) The exposition brings under one roof the best products exhibited at seven state fairs and more than seventy-five county fairs. It will honestly represent 618,000 square miles of territory tributary to the Twin City—show what is grown in this "Zone of Plenty" and what may be produced from its natural resources.

(4) The Northwestern Products Exposition is a true exponent of the material wealth and development of Minnesota, North Dakota, South Dakota, Montana, Idaho, Washington, Oregon and Alaska.

(5) It will be a perfect panorama of the states represented. The picture will be so complete that even the mountain peaks, forests, waterfalls, ranch homes, orchards and mighty rivers will be reproduced in over 200 paintings and many models.

**MINNEAPOLIS LADY BADLY
SCALDED WHILE COOKING**

While preparing dinner a young Minneapolis wife had the misfortune to scald her hand so badly that over half the skin came off. She was alone at the time and rushed over to her neighbor's for help. This neighbor promptly applied Allen's Ulcerine Salve and in ten days the hand was completely healed without a scar.

This salve is one of the oldest remedies in America and since 1869 it has been known as the only salve powerful enough to cure chornic ulcers and old sores of long standing. Because it is so powerful, it will heal burns and scalds without a scar in a remarkably short time.

Allen's Ulcerine Salve heals from the bottom up and raws out the poisons. If applied on new cuts and sores it heals in one-third the time that common salves and liniments take.—Adv.

Cause of Eczema Now Explained

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Salves have been tried but have been proven worthless, for they only clog the pores and fail utterly to remove the real cause of the disease.

These germs can be destroyed only by a wash, and unless this is promptly done, they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D.D.D. Prescription for Eczema.

DR. BELL FLEW 450 FEET HIGH

Made a Short Flight Wednesday Afternoon and Later Carried a Passenger on Ship

CHIEF RIDLEY WAS ON BOARD

Aeroplane Then Bumped a Snag in the Field and Broke a Wheel on Port Side

Despite vexatious accidents and weather conditions, Dr. F. M. Bell on Wednesday afternoon at 4:30 again turned up his engine and getting a good start sailed 450 feet or more in the empyrean blue. He circled above the crowd like a huge bird and stayed in the air until the extreme cold affected his engine and forced him to come down.

Warming up on the earth he made preparations for another start and this time carried as a passenger Chief Ridley. The chief is no lightweight and when his avoirdupois settled snugly in the front seat back of the whirling propeller and the professor gave the signal to let go, the machine started away with a roar like an angry wasp, darted about the field, lifted five feet or more, bobbed down for another spring up in the air and struck an undulation on the field and broke a wheel on the port side when it plumped down.

"Well, I didn't go far," said Chief Ridley, "but I had all the sensation of flying and it was exciting as long as it lasted. I am glad I had the chance to go in the aeroplane and I am sure Dr. Bell has done the best he could under the circumstances."

Quite a crowd saw the performance of the aviator and during his high flight people in various parts of the city craned their necks and watched him.

However, these have been quite a difference between what the public was keyed up to expect and what was really done in the flying line and one thing is certain, that if the fate of the country depended on Bell and his lyddite but precious little of the explosive would have been shaken down during the week on a battleship or an invading army by the loquacious Dr. Bell.

Safe and Sound. From the Cassville, Mo., Republican: The country has a man in the presidential chair who can be relied upon to uphold the principals of protection and the other doctrines of the platform, which he was elected. Mr. Taft is standing courageously for the principles in which he and his party believe. Four more years of his administration offers safe and sound protection to labor and to capital.

Great Achievements. From the Erie, Pa., Dispatch: There is no doubt that the great achievements of Taft will be acknowledged by the historian of the future. The voter of the present ought to be no less clear-eyed to do the same.

NEWS FROM THE FRONT

Balkan-Turkish Bombardment Backed Off the Boards by Two Brainerd Hunters

Tuesday morning the inhabitants of Wealthwood on the shores of Mille Lacs lake stirred uneasily in their beds as a terrific bombardment, exceeding anything pulled off in the Balkan-Turkish war, jarred earth and the calm surface of the lake. Shot splattered about the lake and hissed like boiling water. The oldest inhabitant was sent out as a sacrifice to the leaden hail to see what was about to inundate Wealthwood. "No, gentlemen," said the o. h. as he returned, "it's not lyddite which the professor at Brainerd is throwing down at us. It's bird shot. One of the men is H. T. Laymon of the Empress theatre and the other is J. B. Schmidt. So far the carnage has resulted in the death of six chickens, a lame duck and other wild fowl. I warned them to concentrate their fire."

Dignified and Positive. From the Courier d'Alene, Idaho, Press: Compare the dignity, the tact, and the positive stand taken by Mr. Taft with the bombastic acts and utterances of his predecessor, and see which measures up to the standard of a president and who has accomplished most for the country.

CATHOLIC LADIES SUPPER A SUCCESS

Over 200 People Attend the Supper and Entertainment at Deerwood Wednesday Night

CARL CARLSEN WINS QUILT

King of Sweden Good Public Speaker, Said Hon. John Lind to Friends in Deerwood

Deerwood, Minn., Oct. 31—From six to ten o'clock Wednesday evening Coffin's hall was the scene of an animated gathering on the occasion of the supper and entertainment given by the Catholic ladies of Deerwood. Over 200 people partook of the chicken supper and it was a fine culinary feast, served as only these ladies know how. And everybody attended, mining men, business men, the engineering crew on the Cuyuna Northern railway, the stranger in Deerwood, ladies, children, well it seemed as though most of Deerwood was at the supper or the entertainment. Ice cream and cake were also served. A beautiful silk quilt was raffled away and it was won by Carl E. Carlsen, the popular grocer. The fish pond was patronized so freely that it was fished dry early in the evening and had to be restocked several times. There was also a sale of fancy embroidered articles and other examples of needle work. The event was a great occasion in church circles and shows what united effort on the part of the ladies can accomplish.

Marshal Lamey says he never saw a prouder man walk down Main street past the postoffice than Carl Carlsen carrying the silk quilt he had won at the church fair. Ticket No. 1 did it.

Wilson Bradley has been suffering with an attack of the gripe, but is expected to be out again in a few days.

O. C. Coffin is very sick with the gripe.

When former governor John Lind was at Deerwood, the guest of Messrs. Oberg, he related many incidents of his recent trip to Sweden. He was a visitor at the Olympic games where American brawn and brains carried away the larger number of trophies. The king of Sweden, said Mr. Lind, spoke at the stadium and his clear, penetrating voice was heard all over the arena. He delivered his address in English and his pronunciation was faultless. Mr. Lind was the recipient of many courtesies at the hands of the king, the latter giving a garden party in his honor. Standing six feet six inches in height, the king of Sweden is really the tallest monarch of Europe or Asia.

Wilbur Hunt of Bay Lake is meeting with great success in his manufacture of homemade preserves, marmalades, etc., and the products of his farm and kitchen meet with a ready sale in Deerwood and vicinity.

In a recent hunting trip at Farm Island lake Julius Hage and Carl Carlsen tried their new pump guns. A number of ducks quacked over their heads and while friends stood on the shore Carlsen and Hage pumped away, but the automatics only pumped holes in the air and the ducks escaped without fatalities. Later a shower like volcano dust led some one to think that some kind of an eruption had taken place, for the stuff settled all over the bosom of the lake. Upon closer examination it was discovered by an eminent scientist in the party on shore that the dust-like solution was a fine composition of feathers which had been blown off the breasts of the ducks by the terrific action of the pump guns.

Chief Engineer F. J. Egan nearly had an insurrection on his hands at the time of the Cuyuna-Mille Lacs clam bake. "Now fellows," he told his surveying crew, "there's going to be clams and lobsters, bear steaks and blue fish at the mine Sunday afternoon and you had better save your appetite for the big feed." Accordingly the assistant engineer, the line-man, rodman and clerical force left Guelker's dinner on the table and took the special to the mine. They came late and missed the big courses and as a consequence were ravenously hungry and if Egan had been built more like Ernest LeDuc they would have turned on him and eaten him.

L. P. Hall of Bay Lake who turned his attention to grape culture this year has scored an unqualified success. Every one of the 15 varieties planted matured and in appearance and taste they were each prize winners. He will plant more the coming season and expects to have a large vineyard.

Mrs. Wilson visited in Brainerd Wednesday. Miss Maud Hage is visiting Dr. and Mrs. Joseph Nicholson and other friends in Brainerd.

Mrs. T. F. Cole was at Brainerd Wednesday. Gerald Carlisle is spending a few days with friends in Brainerd.

Saves Leg of Boy

"It seemed that my 14-year old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. SLOW TRAINS IN COLD WEATHER

Roads With Lines to the Twin Cities Enter Into an Agreement Looking to Safety

An agreement has been entered into between the railroads operating passenger trains to the Twin Cities whereby the running time from Duluth and Superior will be lengthened half an hour during the winter. The new schedule will be announced shortly.

The action of the roads is in accordance with the general action of the railroads operating in the cold regions. The slower trains are safer and will avert serious accidents. In the past some terrible accidents have occurred on the northern railroads during the winter.

The railroads all claim that it was defective rails and not the high speed of trains that caused the accidents, but to be on the safe side the running time will be cut down during the cold weather. The Soo Line, Great Northern, Northern Pacific and Omaha roads have all entered the agreement.

OFF AGAIN, ON AGAIN WITH SOO

Construction Work Has Started Again on the Soo Extension West of Ironton

IRON TON BOWLS WITH CROSBY

Captain of Team is Primus D. Kreitter Who Hopes to Defeat Bob Striegel's Pin Splitters

Ironton, Minn., Oct. 31—The Soo line, like the proverbial section boss reporting the wreck, was off again and is on again with its construction work on the extension west from Ironton to section 18 of the Carlson-Williams interests. Work was discontinued for a day, leading many to believe that some order from headquarters had ordered the work stopped indefinitely. The next day the men were at work again.

Timbers are being hauled into Ironton preparatory to sinking the shaft of the Cuyuna-Duluth iron company.

C. B. Rowley, of Brainerd, has the contract building the foundation for the new boilerhouse at the Cuyuna-Mille Lacs mine.

With \$10 of real money up as a prize and a \$10 side bet the Ironton bowling team captained by Primus D. Kreitter are struggling to beat the Crosby pin splitters led by Bob Striegel. Guth, who was the star pitcher at the Fourth of July water carnival baseball, bowls with a snap of the wrist like Woods heaving them over the plate. Occasionally Guth gets too much English on the ball and threatens to tear a hole in the side of the alley. Ironton figures on knocking Crosby into a cocked hat. William Hall of Deerwood, has the contract clearing the land at the Riverton townsite.

The hydraulic work carried on by the Carlson-Williams interests exceeded all expectations. Boulders as big as box stoves are torn from their primeval fastenings. Rocks and stumps fade away before the stream of water. The plan has been a success from the very start.

Good progress is being made in the construction of the Catholic church situated in Smith's West Park addition.

CASCARETS CLEANSE LIVER AND BOWELS

The Millions of Cascarets Users Never Have Headache, Constipation, Biliousness or Sick Stomach

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

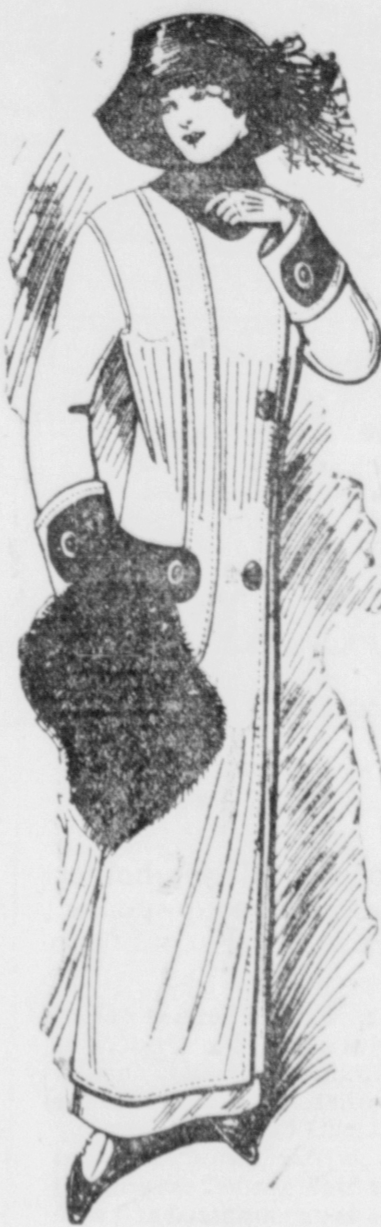

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Where Mr. Taft Stands.

From the Wausau Record-Herald: Taft stands exactly where either of the great martyr presidents would have stood had they lived in his day and occupied his place. He stands for the constitution, for the courts, for the perpetuation of the tried and proved American institutions, for the principle of protection to American labor, just laws and their impartial enforcement against rich and poor, high and low, alike. No president ever had higher ideals, better comprehension of the intricacies of government, or more courage in presenting his convictions to the public.

First

There are many women who want coats of style and who prefer that they have distinctive style above all else. We have coats with every style feature for these women, servicable coats too.

Second

There is a greater number of women who want a coat which combines style and service. They demand that the style be modified forms if it follows any extreme and they want it combined with service and they rather emphasize service. The large number of our coats are for these women.

Third

There is a large number of women who first look for service in a coat, style is a minor value to them. Their first concern is for service and are satisfied if the coat partakes of a style which may worn for several years at least without becoming conspicuously out of style, and we have just this kind too.

Finance.
Many words of most august sound prove to be of quite commonplace ancestry when traced to their origins. "Finance" is really only "settling up." Literally, it is just "ending" and was formerly used in that very simple sense in the English language. Then it came to signify settling up with a creditor and acquired the special sense of ransom.

He Laid.
"Don't waste your time in clipping off the branches," said the woodman to his son, "but lay your ax at the root of the tree." And the young man went out and laid his ax at the foot of the tree, like a good and dutiful boy, and then he went fishing. Truly there is nothing so beautiful as filial obedience. —Strand Magazine.

YOUR HAIR BECOMES FLUFFY, BEAUTIFUL AND LUSTROUS IN JUST A FEW MOMENTS

Girls! Get a 25 Cent Bottle of "Danderine" and Try This. Also Stops Falling Hair; Destroys Dandruff

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine" hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every par-

ticle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

FORAKER SUPPORTS TAFT

Says All Other Candidates Seek to Destroy Republican Party.

By his physician's orders, former Senator Foraker has been compelled to decline the invitation to make speeches this campaign. Of course, as a loyal Republican, he is supporting Taft. For quite a while the former senator was in Maine for his health, and while there he was a keen observer of the political situation. He declares that the result in Maine was emphatically a victory for the policy of protection. Upon his return home he gave a highly interesting statement to the Cincinnati "Commercial Tribune," from which the following is excerpted:

"It is the duty of every Republican who wants to support the Republican party and Republican principles to remember that there is no way to support the party and its principles except by supporting President Taft. 'Nobody else pretends to represent the Republican party. Every other candidate for the presidency is the open and avowed enemy of the Republican party. All alike are seeking its defeat and destruction.'

HADLEY IS FOR TAFT

Roosevelt's Former Manager Comes Out Square for the President.

Gov. Hadley, of Missouri, who was one of Roosevelt's managers at the Republican national convention, and who had charge of the contest made by Roosevelt delegates, has declined to follow the Third Term candidate out of the Republican party, and has declared that he will support President Taft. In a speech at Jefferson City, Mo., he said:

"I hope that these many high-minded but, I believe, mistaken men, who have thought there was a greater interest to be subserved by joining in the organization of the new party and the nomination of another State ticket, will yet see that by such acts they are simply doing that which tends to insure Democratic success. And I hope that they will come back to the party which has stood for decency; that has stood for sane and effective progress in the conduct of public affairs."

After appealing to Republicans to support the Republican nominee, Gov. Hadley pointed out in his speech that the Democrats were pledged to the same kind of tariff legislation as they gave to the country after the Democratic victory of 1892. He said that no Republican could associate himself with those whose efforts tended to insure Democratic success.
